Dear Mr. Butler:

The Department of Environmental Protection (DEP) would like thank you for including Mike Barnett and I in your meeting with Senator Lawson regarding the re-establishment of the Coastal Construction Control Line (CCCL) in Gulf County. Based upon our discussion during this meeting the Department has extended the comment period for receiving input from the public an additional 21 days, until April 19th, 2007.

The DEP is committed to working with county officials in resolving any issues that may come up during this re-establishment process, while we continue to protect Florida's natural resources. If you have any questions, please feel free to contact me at the above address or by phone at (850) 488-7813.

Sincerely,
